The Pestilential Miasma of the World
by Robert Ley

Judah Must Die!

There is thus in this struggle against Judah only a clear either/or. Any half measure leads to one's own destruction. Judah and its world must die if humanity wants to live; there is no other choice than to fight a pitiless battle against the Jews in every form, and not to give up until the last Jewish thinking has been destroyed everywhere.

At the conclusion of this chapter, I wish to let the Jew Kurt Münzer speak about his race. In his first novel "The Way to Zion," published in 1910, the Jew Kurt Münzer, but rather like Walter Rathenau in his "Hear, O Israel," holds up a Jewish mirror to the Jews and shows them completely without any masks. He writes: "Not only we Jews are a degenerate, dried out, used up culture. All of the races of Europe are as well. Perhaps we have infected them? Ruined their blood? Judified everything? Our thinking is in everything living, our spirit rules the world. We are the lords, for what has power today is our spiritual child. One may hate us, persecute us. Our enemies may triumph over our physical weakness. We can no longer be gotten rid of. We have conquered the races, defiled them, broken their power, made everything rotten, foul, and decayed with our stale culture. Our spirit is no longer to be exterminated."

The Jew Münzer was wrong in his superiority complex, since only 30 years later the Jew has been exterminated in Germany and Europe.

We National Socialists have exterminated the Jewish spirit and the Jews themselves in Germany. We will not cease this struggle until the final judgment has been spoken against the Jews. Judah must die! Anti-Semitism will triumph throughout the world. The central Jewish newspaper, the "Jewish Chronicle," writes: "Anti-Semitism is Germany's secret weapon, for Germany has pursued it consistently, making it a universal problem that will occupy all peoples."

That is correct. The Jew hit the target, the Jew knows the danger. This war was started by the Jews, and is a Jewish war in its deepest roots. It will be the same as the Jewish reaction to the National Socialist uprising in 1923. The Jews believed then that their hirelings could exterminate the National Socialist movement with blatant force, murder, and prisons. They achieved the opposite. Until then, National Socialism was limited to Munich, or at most Bavaria, but afterwards it spread almost explosively throughout the entire German Reich. It was as if one had opened a sack of pollen that spread its seed into the last German village.

So it is today. One believes it is possible to exterminate anti-Semitism with fire and sword, phosphorus and bombs. But they find that anti-Semitism has become a world-wide problem that occupies all peoples. What was only a German problem has become a European, an English, even an American, problem. We hear that Jews in England and the USA are already suffering under it.

When the English and Americans finally realize that they are fighting in

reality for the freedom of the Jews, they will become reluctant, and will be critical of the Jews; they will discover the Jews. That is enough to make an anti-Semite of any Aryan. That is what the "Jewish Chronicle" means when it complains: "Anti-Semitism has become a universal problem." That is true! The Jew is being discovered in the entire world as a result of this war, he loses his concealment, and is thus already defeated. Anti-Semitism is "Hitler's secret weapon," which will lead us Germans to inevitable victory/
